EXPERIENCE

Frontend Developer — GnG Esports, Tunisia (Feb 2023 – Sep 2023)

- Built a job board for sponsor Everience using Next.js, Prisma, and NextAuth, improving app performance and user flow.
- Developed GnG's portfolio site with React.js and Framer Motion, aligning design with brand identity.
- Collaborated with designers and stakeholders to deliver high-performing web apps, improving user engagement and load time by ~30%.

Frontend Developer — Self-Employed (Oct 2023 – Present)

- Developed HireHaven, a job board app using Next.js 14 and Tailwind CSS with portfolio integration.
- Created FootyQuizMaster, a football quiz app using React.js, Firebase, and TypeScript.
- Built EmotiScan, an AI-driven sentiment analysis app using Hugging Face APIs and Chart.js.

Full-Stack Developer Intern — ATB Bank, Tunisia (Feb 2022 – Jul 2022)

- Built a responsive internet banking prototype using React.js, Node.js, and MongoDB, improving transaction simulation speed by 25%.
 - Developed secure APIs and authentication systems handling simulated real-time transactions for over 1,000 mock users.
-
